You both did a great job. Sounds like the community is really on board to move forward with clean-up. I think more of these meetings will be helpful, communication is always key as I know you are well aware and appreciate your commitment in doing so.

Meeting with local groups would be helpful. Sometimes our commissioners don't always hear very well, so getting the facts out to city council and others are important. Thanks again and we will see you soon!

Keep us posted when you will be in town next.

Have a nice weekend,

Kirby
